Hi Michel,

The Rec Centre Society has a tabled motion to support the Saturna croquet group but require some additional information before the motion is revived. One is to find out if Saturna Parks & Rec have approved the playing of croquet on the ball field, the other is to ensure the Saturna Oyster Catcher ball team have no objection to croquet being played on the field. I would appreciate if you could advise me as to the former.

It is understood that the playing of croquet would occur at times when the ball field is not occupied by baseball games or practice, or during other events such as the Lamb

barbecue.

Thanks in advance for advising me of Parks & Rec's position on this matter.

Cheers Paul

Hi Paul,

SIPRC has had no role other than to say "yes" to croquet playing on the ball field as long as its with the Oyster Catcher's assent and does not interfere with them. We have had no other role.

Cheers, Michel

**Date:** June 15, 2014 at 3:11:51 PM PDT **To:** Paul Brent <pbr/>pbrent@mac.com>

Hi Paul,

The ball club has no issue with croquet being played on the ball field at Winter Cove park as long as the croquet group understands and respects that the ball club has the field booked every second Wednesday for their games and we also practice on some Sunday afternoons - so croquet cannot be played during those times. Occasionally our rotation changes if our game is cancelled due to rain so we will need to communicate our play times with our groups . We would also insist that no debris or other items be left on the field and would appreciate if the croquet group would contribute to maintenance (grass cutting and the like). We also note that the ball field is out of action during the July 1st Canada Day lamb barbecue and the day preceding and succeeding that event.

Have fun!

Best Regards, Barb
